

## Position description and person specification

<b>POSITION</b>	<b>Basic scale teacher to students with high health needs</b> <b>Position description</b>
Student group	School age students who have high health needs up to and including Year 14

Responsible to	The unit Leader, Principal, Deputy Principal and Board of Trustees
Responsible for	Delivery of a teaching and learning programme to eligible students from year 1-14 and other duties as delegated.

### POSITION DESCRIPTION

Teachers at Northern Health School may be required to teach in support centres, and/or within the community supporting students with high health needs. Deployment of staff will depend on school organisation which must be flexible in order to meet the needs of our students.

Northern Health School teachers are employed by and accountable to the Board of Trustees to provide planned continuity of education for students with high health needs transition back to their local school.

Delivery of education services to these students may take place at the student's home or in some cases at the student's regular school as part of a transition programme.

Northern Health School teachers' programmes are based on an Individual Learning Plan (ILP) for each student. ILPs are regularly reviewed, evaluated and extended.

Depending on the health and education needs of the student, the Northern Health School teacher may provide the whole education programme, an education programme in association with the student's regular school or a programme in association with Te Aho O Te Kura Pounamu (Te Kura, formally The Correspondence School).

### Northern Health School teachers will

- Be a New Zealand registered teacher with a current registration
- Consult and work with students parents/caregivers, staff of the student’s local school and/or Te Kura, and appropriate health professionals
- As appropriate, work as a member of a team or teams supporting individual students. This may involve working closely with medical staff, therapists, social workers, teachers, community organisations and education and health agencies
- Have a good understanding of the New Zealand curriculum and be able to adapt this to meet individual student requirements
- Have an understanding of students with special needs and be able to adapt programmes in order to allow these students to achieve to their potential
- Be prepared to use ICT for planning, teaching, communicating and student records
- Be prepared to work flexibly within the various operational areas of the school, including working in student homes, in order to meet the education needs of students with high health needs
- Have a full clean New Zealand driver licence, be prepared to travel, as required and possibly stay overnight, to deliver education programmes to students in the most appropriate settings and to attend professional development opportunities.

## Hours of work

Hours of work/leave for full time positions are as defined in 2.9 of the NZEI Primary Teachers' (including Deputy and Assistant Principals and other unit holders) Collective Agreement.

Hours of work/leave for part-time employees will be a pro-rated proportion of those for full-time positions.

- 2.9.1 *"Employees shall work such hours as may be reasonably required of them to enable them to properly fulfil their responsibilities as teachers whether or not such hours exceed 40 hours per week. The normal hours of work for employees should as far as practicable however not exceed 40 hours per week Monday to Friday."*
- 2.9.3 *"Boards may require employees to attend school or elsewhere, when the school is closed for instruction (except on weekends or public holidays unless by agreement) for up to ten days per school year (or the equivalent) for all or any of the following purposes – school administration, school preparation and co-ordination, pre-term planning curriculum and/or technical refreshment and/or professional development. The employer will endeavour to arrange matters at the school in such a way that any requirement under this section is not unreasonable and that employee's individual needs are taken into account. Employee's own initiatives in undertaking work for the above purposes shall be counted when applying this clause."*

## PERSON SPECIFICATION

NHS teacher will be passionate about teaching and learning and will be focused on facilitating and achieving positive outcomes for students and staff. The successful applicant must be a trained teacher with New Zealand registration and practising certificate and should have:

- A minimum of three years successful classroom teaching experience
- Empathy for students who have high health needs and may have learning and/or behaviour difficulties
- Sound knowledge of the New Zealand curriculum at both primary and secondary level
- An understanding of New Zealand special education initiatives and the support available to students with special needs and their teachers
- High level of consultative and collaborative problem solving skills
- Assessment skills in the key learning areas
- Familiarity with individual planning systems (NHS uses an Individual Learning Plan or ILP) and a commitment to using and maintaining it
- Commitment to biculturalism and to meeting the needs of Maori and Pacific Islands students
- Commitment to understanding the needs of students from different cultures and a willingness to provide services that are culturally appropriate
- The ability to identify, implement and evaluate a range of educational approaches to meet the needs of students and their teachers
- The ability to assist others to maintain and implement programmes and interventions
- Strong interpersonal and communication skills to allow for full consultation and effective support for students with high health needs and their teachers
- The ability to liaise and work with health professionals, other educators including teachers from the student's local school, other professionals and/or agencies.
- Ability and interest in using ICT to communicate with staff and parents, to maintain student records in electronic form and to deliver the curriculum.
- A current clean full driver's licence and, if required, be prepared to use own vehicle and be reimbursed for travel in the course of Northern Health School business, which may include staying overnight (costs for this are met as per the NZEI or PPTA collective agreements).
