TEACHERS WORKING IN HOMES

- **It is not NHS preference to work with students in their homes. If recommended by the Health provider, then this service is subject to the conditions below. NHS will immediately withdraw from working in the home if the following conditions are not met.**
- All visits to student's homes are by appointment. If circumstances change and the student is no longer available, please notify the teacher as soon as possible so that the visit can be re-scheduled.
- An adult caregiver must be present in the house at all times. If the adult caregiver leaves the house for any reason the teacher will conclude the lesson immediately and also leave.
- The lesson should take place in a quiet space in the living area of the home. The space should be suitable for the purpose. A teacher will generally not work with a student in a bedroom.
- The lesson space should provide a safe, healthy work environment for the student and the teacher, which includes being smoke, vape, alcohol and drug free.
